

## Saint Elizabeth Connection

Company Care is proud to be affiliated with the Saint Elizabeth Health System. We are one of more than 15 primary care and specialty care clinics, located in Lincoln and the surrounding areas who are members of the Saint Elizabeth Physician Network (SEPN).

SEPN also includes:

- Three stand-alone urgent care centers which include two Linc Care locations as well as another urgent care located within Saint Elizabeth Company Care
- A network of emergency care physicians practicing at three hospitals throughout the state
- A neonatology program offering specialty care for newborns with special needs
- The state's first Hospitalist program, called Inpatient Medicine Service, with physicians based inside the medical center who specialize in caring for patients requiring this high level of care
- An exceptional occupational health program, [Company Care](#), serving businesses and employers in the community with a wide-range of services

The physicians, providers, and other staff of SEPN recognize and value the exceptional care and patient experience provided by the medical center to patients and families in the community.

## Saint Elizabeth Regional Medical Center

The Health System also includes Saint Elizabeth Regional Medical Center which has been named among the 100 Top Hospitals ® in the U.S. by Solicient for two out of the last three years. Autumn Ridge Family Medicine patients and families have access to their complete range of services and facilities.

Some services which patients and families of Company Care have been a part of recently, include:

- Their nationally-recognized medical center
- A Family Birth Center offering a whirlpool spa in every birthing suite and pampering for all patients
- A medical center offering numerous medical services for high-risk patients and infants
- The new Radiation Therapy Center featuring the latest technology for treating cancer patients
- The state's only 100% digital Imaging Center
- The area's only certified cardiopulmonary rehabilitation center
- A Chest Pain Center which received national accreditation from the Society of Chest Pain Centers – the only hospital in eastern Nebraska to hold this accreditation
