

# Chris RN Team Coordinator, Invasive Cardiology.

9 ½ years of service at Saint Elizabeth  
*plus* 14 ½ years of service at CHI

- **Why have you been here so long?**
  - The people at Saint Elizabeth are so friendly. The benefits are good and the wages are competitive. The culture of Saint Elizabeth is also very different from other places I've worked in the past.
- **What has been your favorite moment at Saint Elizabeth?**
  - My favorite moments are centered around learning the new skills and procedures. It was also a big honor to win employee of the month a couple of years ago.
- **Tell us about the fun side of Saint Elizabeth.**
  - I work in a small and close knit department. We are all like family to each other which makes working here a lot of fun. The employees of our department also go out socially together sometimes and have a lot of fun. I love that I can call my coworkers friends.
- **What is your favorite perk/benefit about working at Saint Elizabeth?**
  - Great health insurance at a fair price and the employer paid pension plan.
- **Tell me about the people you work with.**
  - I work with a great team who give fantastic patient care.
- **Quote**
  - "I really enjoy working at a place that is so open minded and accepting of different cultures and lifestyles. The value-based service standards and behaviors are the driving force behind the positive work culture at Saint Elizabeth Regional Medical Center.
